

# Product Certificate

---

This is to certify that the following product has met the requirements detailed below.

## Fernco HDPE Flap Valves

For the assessment of the HDPE Flap Valves as manufactured by Fernco Ltd for the prevention of backflow of fluids in piped systems.

They are manufactured from High Density Polyethylene (HDPE), with the approval covering sizes DN100 to DN1000. The HDPE Flap Valves are intended to prevent the backflow of fluids associated with drainage systems, rivers and estuaries to a maximum pressure of 7 metres of water column (mWC).
