

Product Certificate

This is to certify that the following product has met the requirements detailed below.

Fernco HDPE Penstocks

For the assessment of the HDPE Penstocks as manufactured by Fernco Ltd for the control of water flow in piped systems from one area to the next. They are manufactured from High Density Polyethylene (HDPE) and 316 grade Stainless Steel. The approval covers sizes DN100 to DN1000. The Penstocks can be used to control water flow in waterways, power plants, industrial effluent plants, hydro power, sewerage/wastewater treatment plants, drainage networks and flood control systems to a maximum pressure of 7 metres water column (mWC).
